## SMBA 2019 Mosquito House League Rules

These rules were established in keeping with the philosophy of the SMBA, that the principal aim for Mosquito House League baseball is to have fun and teach good sportsmanship, as well as try to further the basic skills of baseball. All Baseball Ontario rules and regulations will be followed, with the following exceptions/clarifications as per the SMBA:

- Mosquito House League is to be played using a real baseball as opposed to the rubber pitching machine ball. Any Baseball Ontario approved baseball for Mosquito may be used. This will be a live ball system meaning the back catcher must return the ball to the pitcher after each pitch.
- There shall be no passed balls or wild pitches. Base Runners cannot leave the base until the batter makes contact with the ball. No stealing allowed.
- All players are to receive equal defensive playing time. Players should be moved around in defensive innings to different positions for league games. The goal is to have all players be able to learn and experience as much about the game of baseball as possible. This in turn leads to improvement and knowledge for all players, increasing the love of the game and keeping these kids as players in the future.
- All players are to be entered in the batting order. If a player arrives late they are to be added to the bottom of the batting order, no penalty is incurred for doing so.
- Unlimited substitution for defense play.
- Maximum of 11 players on the playing field. A maximum of 7 players are allowed on the infield including the catcher, if 7 on the infield two must remain at the pitcher position. The remaining players will play in the outfield at a minimum of 10 feet from the infield (must be on outfield grass). There can only be four outfielders.
- An 8 ft. diameter safety circle **MUST** be marked off around the pitching machine. No player is permitted to enter the safety circle, which is considered a dead ball area. Enter means that any part of the body enters the safety circle. The pitchers must stand beside the pitching machine outside of the safety circle and on the lines drawn from the release point of the pitching machine to beyond the circle. The pitcher must have both feet on the white line until the ball is released from the pitching machine. Once the ball is released from the machine, the pitcher may move in front of the line, but may not move through the circle. Neither the pitcher nor any other player may in any way break the plane of the 8 foot diameter circle around the machine whether stepping on the circle line or reaching into the circle while in an attempt to field a ball. Play will be called dead and 1 base will be awarded to the batter. All other forced runners will move 1 base.
- 5 pitches per batter. Fifth pitch foul ball is not registered as an out except if caught by the catcher.
- Batters cannot walk or bunt. (Bunts are automatic outs.)
- No infield fly rule.
- 5 runs or 3 outs to complete an inning.
- If there is an overthrow at first base the ball is in play. Runners may advance at their own risk up to a maximum of one base. If the overthrown ball is not returned to the pitcher but thrown to another base trying for an out it is once again a live ball.
- The play will be halted with any throw or attempted throw to one of the pitchers from any infielder, the umpire will call time. Runners must return to the previous base unless over half way to the next base, call made at the discretion of the umpire.
- A batted ball that hits the machine or coach is declared a single and all other forced runners advance one base.
- The pitching machines are to be properly setup and agreed upon by both teams prior to the start of the game. If during the game the machine needs to be adjusted, it can only be done so after an inning has ended (after bottom of inning)

# Simcoe Minor Baseball Association

and must be agreed upon by both teams. Once an inning starts the machine cannot be touched (speed or height) until both teams complete their at bats, making it equal for both teams. This applies to all league games and tournament games. Any violation to this rule will result in the following:

1st Offence in a game is a warning to the coach.

2nd Offence in a game is ejection of coach and batter declared out.

- No new inning to start after 1 hr. & 20 minutes, or 7 complete innings.
- Players playing the Pitchers position must have a helmet with a face mask.
- **Umpires decisions are final.**

Much like the players the umpires for these games are also learning. There will be zero tolerance for abuse of officials, any coach or player ejections must be reported and could lead to further penalty if deemed warranted by the SMBA Executive.

- Call up players from Rookie H/L are permitted if needed (No REP Players. House League players who A/P for a rep team are not classified as Rep Players). No team may use call up players if said team has at least ten (10) team players.

Exception – A coach is told by some players that they will be away and this number places the team below ten (10). The coach calls up players from Rookie H/L. The team players, who said they would be away, show up at the game, and put the team over ten (10) players. In this case players called up can play a maximum of two innings in the field and must be entered in the last position in the batting order.

Remember: Games are about development. If a team is short players there is NO forfeit, play the game using the kids that are there and share kids among teams if necessary to complete the games. If your team is borrowing players, these players will play both defensively and bat in your batting order for this game.

## MOSQUITO TOURNAMENT RULES

All Baseball Ontario (OBA) rules and regulations will be followed, with the same exceptions/clarifications as per the SMBA Mosquito House League rules.

Coin Toss will be used to decide home team. Home team to provide an adult scorekeeper.

- Each team is guaranteed 3 games.
- 11 run mercy rule in effect after 5 complete innings.
- No new inning to start after 1 hr. & 20 minutes, or 7 complete innings for all tournament games, including semifinals and finals.

The formula to determine the top 4 teams is as follows:

- Total points - 2 points for a win; 1 point for a tie; 0 points for a loss
- Head to head (if played equally)
- Total runs against / number of defensive innings
- Total runs for / number of offensive innings minus
- Run differential as a percent -runs for / runs for + runs against
- Run differential - runs for minus runs against
- Number of offensive batters minus number of defensive batters
